

NSMNMPF

Secure Environment Setting Specialist Interest Group (SIG)

The NSMNMPF secure environment specialist interest group aims to provide a platform for peer support and discussion for prescribers (both qualified and currently in training) from within this setting. This will include topics on what is clinically effective within secure care and getting the balance right between healthcare and security.

You must be a member of the NSMNMPF to join (membership is free).

The group is open to NMPs (both qualified and currently in training) that work in any secure setting.

If you are interested in joining this group, please contact:

Narenza Dhanasar on email address narenzadhanasar@nhs.net

The Chair of the SIG will then contact you and invite you to formally join the group.

NSMNMPF

Acute Hospital Setting Specialist Interest Group (SIG)

The NSMNMPF Acute Hospital Setting SIG aims to provide a platform for peer support and discussion for prescribers (both qualified and currently in training) from within this setting.

You must be a member of the NSMNMPF to join (membership is free).

The group is open to NMPs (both qualified and currently in training) that work in any acute hospital setting.

If you are interested in joining this group, please contact the NSMNMPF Secretary:

Narenza Dhanasar on email address narenzadhanasar@nhs.net

The Chair of the SIG will then contact you and invite you to formally join the group.
